KING EDWARD'S SECOND PARLIAMENT DISSOLVED.

GREAT BRITISH ELECTION CON-
FLICT NOW OCCUPYING ATTEN-
TION OF THE NATION.

- BILLS DESTROYED BY THE LORDS IN LAST FOUR YEARS
- 1906—Rejected Plural Voting Bill
- 1906—Destroyed Education Bill.
- 1906—Carried an amendment ex-cluding Scotland from pro-visions of Feeding of School Children Bill.
- 1906—Rejected Bill Prohibiting Importation of Foreign Black-legs During Strikes.
- 1907—Rejected Scottish Land Valuation Bill.
- 1907—Rejected Scottish Small Holdings Bill.
- 1908—Rejected the Licensing Bill
- 1908—Rejected London Elections Bill.
- 1909—Refused to pass the Budget

LONDON, Jan. 8—King Edward's second parliament, one of the most memorable in the nation's history, was formally dissolved by His Majesty today, and writs were issued for the new election. Borough pollings will begin next Thursday, and county pollings on January 19, continuing daily until January 24. The new Parliament will assemble about February 14.

Evidence is accumulating that the election contest now in full swing, will be one of the hardest fought ones ever held in Great Britain. The leaders of both big parties, and of the Laborites and the Nationalists, have planned programs which make it a certainty that the people in every part of the country will hear the questions of the House of Lords, tariff reform, free trade, socialism and other issues discussed from every point of view. Premier Asquith will take an active part in the conflict.

Recognizing that a victory of the Unionists would stop social reforms, the Labor party leaders have agreed to the Liberal proposals to avoid triangular contests by recommending the withdrawal of a score of Labor candidates. The Laborites will contest only the seats they held in the expiring Parliament.

It is increasingly evident, now that the crisis has been reached, that the present government, to be successful and to remain in power, must bend all its energies to the thwarting and possible overthrow of the Lords. The list of bills destroyed by the Lords during the last four years is being used as damning evidence in this campaign.

It was just four years ago today, on January 8th, 1906, that the "Khaki Parliament" was dissolved, and in the subsequent election the Liberals won a sweeping victory. On April 5, 1908, Sir Henry Campbell-Bannerman resigned the premiership on account of ill health, and Mr. Asquith, formerly chancellor of the exchequer, became premier.

The last meeting of the week of prayer was held at the First Baptist church last night, conducted by Rev. A. L. Abercrombie, the pastor. The meetings have been a means of spiritual refreshment to a large body of church members.

Hankins says:

IT IS NOT BOASTING—it is simply stating a fact when we say that we do the largest prescription business here. It is important to you though as a big business keeps our stock constantly freshened up and at the end you get the benefit in good fresh medicines.

PINCHOT'S DISMISSAL MEETS WITH APPROVAL.

WASHINGTON PAPERS AND
PROMINENT POLITICIANS DE-
CLARE NO OTHER COURSE
LEFT FOR PRESIDENT.

WASHINGTON, Jan. 8—General political sentiment seems to approve President Taft's action yesterday in dismissing Chief Forester Pinchot. Local newspapers and prominent politicians declare that no other course was left the President after Pinchot's letter to Senator Dooliver, which was read in the Senate.

Reports from various parts of the country differ, though the majority approve the dismissal of Associate Forester Price and Law Officer Shaw. At the same time it means that the investigation into the forest service will be rather perfunctory.

Albert Potter, now in Utah, representing the forest service, has been recalled to Washington to take temporary charge.

INSURGENTS ENTHUSIASTIC OVER CANNON'S DEFEAT

SAY YESTERDAY'S ACTION IS
DEFINITE PROOF OF THE
"CZAR'S" APPROACHING DOWN-
FALL.

WASHINGTON, Jan. 8—Insurgents in Congress are today enthusiastic over the defeat of Speaker Cannon yesterday, when the resolution was passed which deprived him of the right to name the committee to investigate the Department of Interior. They declare it is the first definite proof of Cannon's approaching downfall, and they promise further evidence during the present session.

ROOSEVELT AFTER A WHITE RHINOCEROS

BUTIABA, East Africa, Jan. 8—The Roosevelt party left today for Koba, after three days' hunting near here. Colonel Roosevelt has failed to shoot a white rhinoceros for which he is hunting, but expects to do so at Koka. The party is in good health.

PINCHOT HAS NOTHING TO SAY ABOUT DISMISSAL.

ADVISES OFFICERS OF THE DE-
PARTMENT TO "STICK."

WASHINGTON, Jan. 8—"I have nothing to say yet," is the only statement of Gifford Pinchot today regarding his sudden dismissal from office. When he arrived at the office this morning he found many employees of the forest service waiting to shake his hand. "Stick," was his terse advice to several officers of the service who expressed regret at his removal.

It is now suggested that Pinchot will practically be prosecuting officer on the Congressional investigation of the Interior department for his own advantage.

DAYTONA'S ANTLERED HERD HOLD INTERESTING MEETING

Last evening the local Elks were rounded up at eight o'clock to do honor to District Deputy Grand Exalted Ruler, M. B. Thornton, of Lake City, who attended a special meeting held in his honor. After a few remarks from Mr. Thornton pertaining to lodge affairs, refreshments were served in the banquet hall, after which the entire body visited the Crystal Theatre at the invitation of Messrs. Young & Titus, and witnessed the excellent performance at that popular resort. Mr. Thornton continued south on his tour of the East Coast this morning.

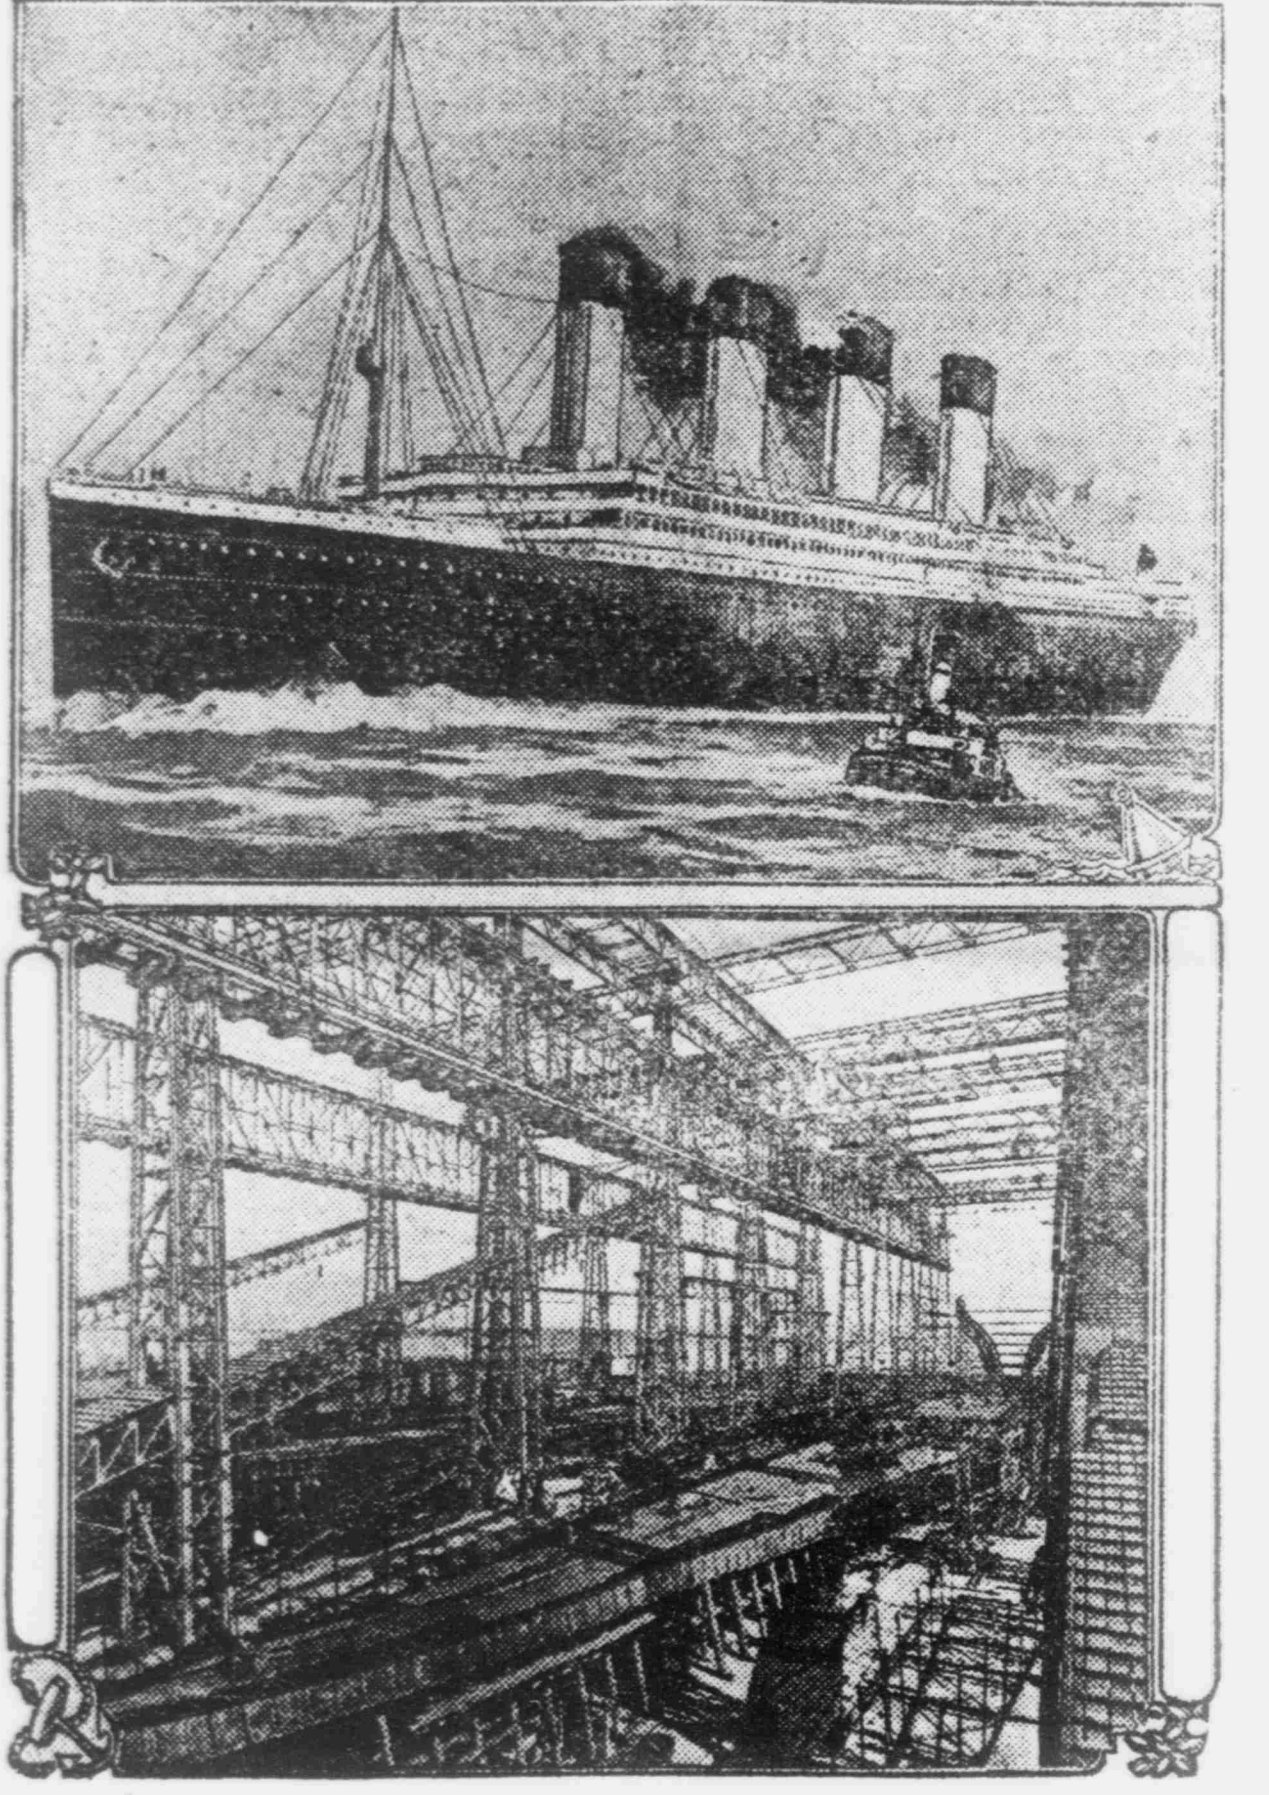

**CARDINAL SATOLLI
DIED THIS MORNING.**
ROME, Jan. 8—Cardinal Satolli died at four o'clock this morning.

"The Reasons Why You Should Trade with the Gruber-Morris Hardware Co." that helped win the Little Buck Range:

- 1.—Because you always get the best goods at the lowest prices.
- 2.—Because we take it for granted we are dealing with an honest firm.
- 3.—Because their goods are always of best quality, and reasonable prices.
- 4.—Goods bought from Gruber-Morris never have to be returned, as they always please.
- 5.—Everybody buying goods from Gruber-Morris in their line will always find their goods as recommended and as cheap as any store in town in their line. Business services are rendered you by kind and obliging salesmen.

THE WORLD'S LARGEST VESSEL. THE TITANIC, NOW BEING BUILT

Here is an architectural picture of the steamship Titanic, which is being built for the White Star line at Belfast; also a view of the giant steel "cradle" in which the ship is being constructed. The keel of the steamship is seen in the lower photograph. The White Star company is to have two of these leviathans, and they will be in commission early in 1911. Their launching will signalize a most important era in marine achievement, for they will be by all odds the largest vessels in the world. The Titanic and Olympic will each be 800 feet in length, 92 feet beam, 45,000 tons register and 60,000 tons displacement. These enormous dimensions are best expressed in comparisons. The Washington monument is 555 feet high and the Metropolitan tower in New York city rises 700 feet. The combined tonnage of the Olympic and Titanic far exceeds the tonnage of all the vessels engaged on both sides in the historic conflict of the Spanish armada, and it is even more interesting to know that the Santa Maria was only 60 feet long and 233 tons burden. Yet on this vessel Columbus journeyed to the new world.

MOTORS WILL BE USED ON SOUTH POLAR EXPEDITION.

SO IT WAS ANNOUNCED IN LON-
DON TODAY—DOGS AND PONIES
FOR EMERGENCIES ONLY.

LONDON, Jan. 8—The success of the experiments conducted under the direction of Captain Robert Scott with motor sledges on the snow slopes of Norway have resulted in the definite announcement today that motors will be the principal means of travel on the British South polar expedition to be headed by Scott next year. Dogs and ponies will be taken for emergency only, and may be used to haul sledges in case of motor accident or for food in case that the supplies give out.

GREATEST AVIATION EVENT IN
THE HISTORY OF THE WORLD
TO OPEN MONDAY.

LOS ANGELES, Calif., Jan. 8—Louis Paulhan, the noted French aviator, is bringing four aeroplanes here today for the mammoth aviation meet which opens here Monday. Over twenty aviators of international reputation are now here. Rich prizes are offered for world's records. The city is crowded with visitors, and the meet will be the biggest of its kind ever attempted.

DAYTONA CAMP, W. O. W., ELECTS ITS OFFICERS.

At a meeting of Daytona Camp, No. 27, Woodmen of the World, held Friday night, the following officers were elected to serve for the ensuing year:
W. G. Hobbs, Council Commander;
Geo. M. Gunn, Adviser; Lieutenant;
A. H. Carter, Clerk and Banker; Wm. Wetherell, Jr., Escort; J. Messing, Watchman; Oscar Espedahl, Sentry;
Dr. G. A. Klock, Examining Physician, Examining Physician.

EFFORTS BEING MADE TO POSTPONE PROSECUTIONS.

TRIAL OF PATRICK CALHOUN IS
SCHEDULED TO BEGIN NEXT
MONDAY.

SAN FRANCISCO, Cal., Jan. 8—Although the trial of Patrick Calhoun is scheduled to be resumed next Monday, doubt exists in the minds of many persons as to whether the case of the millionaire president of the United Railways will ever be pushed to a definite end. Calhoun was one of a score of wealthy corporation officials indicted as an outcome of the municipal upheaval of 1907, when the administration, dominated by Mayor Eugene E. Schmitz and Abraham Ruef, was overthrown. The specific charge made against Calhoun and other indicted officials of the United Railways was that they had paid Ruef, Schmitz and the supervisors \$200,000 for their services in securing a permit for the company to substitute the overhead trolley system for the cable lines partially destroyed by the earthquake and fire of April 18, 1906.

The previous trials of Calhoun ended in disagreements of the jury. District Attorney Heney, who vigorously conducted the prosecution, is no longer in office, and the element that won out in the late election is opposed to the prosecutions. General opinion is that any individual effort to continue the prosecutions, if there be any exerted, is not likely to be successful.

LOCAL CHAPTER D. A. R. HOLDS ITS MEETING.

AN ENJOYABLE AND PROFITABLE
AFTERNOON SPENT AT THE
HOME OF MRS. CHAS. BEACH
AND MISS CONGDON.

The Abigail Bartholomew Chapter D. A. R. met last Wednesday at the winter home of Mrs. Chas. Beach and Miss Congdon, on Halifax avenue, Daytona Beach. A full attendance of members and a number of visitors were present.

The meeting was called to order with the recite in the chair. The responses to roll call were current events pertaining to woman's work. The civic committee reported increased interest in the work it has undertaken; it also made some recommendations which will receive the support of the chapter.

The regent read the New Year's greeting to chapter members from the President-General of the National Society, D. A. R., and the State Regent. The program opened with a piano duet by the Misses Jolley and Williams. Mrs. Rowe sang a selection, which received a hearty encore. This was the "Rosary," and she responded with "My Love Is Like a Red, Red Rose." Mrs. Harriet C. Goodrich sang a chorus of "The Union."

The paper of the afternoon—Woman's Status—Before the Law in Florida—was well and ably handled by Mrs. C. H. Raynor, the historian of the chapter.

The discussion led by Miss Congdon was both interesting and instructive. The program closed with an instrumental duet, followed by a pleasant social hour during which refreshments were served by the hostesses.

The State conference of D. A. R. will be held in Orlando February 1st and 2nd. There will be a very good program, interspersed with several social functions given by the "Daughters" of Orlando.

NEW BASE BALL LEAGUE ORGANIZED.

BOSTON, Mass., Jan. 8—The United States League of Professional Baseball Clubs was launched at a meeting held in this city today. The new organization, of which Al Lawson is the chief promoter, plans a circuit comprising Boston, Providence, Philadelphia, Baltimore, Newark, Trenton, Brooklyn and Paterson.

REAR ADMIRAL KIMBALL GOES ON RETIRED LIST.

WAS RECENTLY SENT IN COM-
MAND OF AMERICAN NAVAL
FORCES TO WATCH EVENTS IN
NICARAGUA.

WASHINGTON, Jan. 8—Rear Admiral William Wirt Kimball, who was recently sent in command of the American naval force to watch the progress of events in disturbed Nicaragua, goes on the retired list tomorrow by operation of the age limit. Few naval officers have experienced a more active life both at sea and on shore than Admiral Kimball in the forty years in his active service.

Born in Maine in 1848, he entered the Naval Academy in 1865, and soon after receiving his commission as ensign in 1870 he made a specialty of torpedo boat service. In later years he took up the study of submarines and it is said that no naval officer in the world possesses more expert knowledge in regard to that type of war craft.

In his earlier career in the navy Admiral Kimball had much exciting work. In the early eighties, when the United States Government occupied the Isthmus of Panama for a time, he fitted up an armored train on the railway and kept the line open. He was in the bay of Rio Janeiro in 1894 when the Detrot, with guns shot and trained, broke the back of the rebellion there. In the war with Spain he commanded the first torpedo boat flotilla organized by the United States. In recent years Admiral Kimball has alternately been commanding battleships and serving as member of important administration boards. His retirement from the service results in numerous promotions and changes among the higher officers of the navy, the most notable of which is the promotion of Captain Vreeland, who lately has been acting Secretary of the Navy, to the rank of rear admiral.

D. F. RANDOLPH WILL RUN FOR CITY ASSESSOR.

EDMONDSON, PRESENT INCUM-
BENT OF THAT OFFICE WILL
PROBABLY ENTER THE RACE
FOR THE COLLECTORSHIP.

D. F. Randolph will announce his candidacy for the office of city assessor.

Mr. Randolph, in conversation with a Daily News representative, stated that he intended to enter the field for the position of assessor, an office for which he feels he is well qualified, having served in a similar position with general satisfaction in the north.

Mr. Randolph stated that he had been an Edmondson man and would willingly support Mr. Edmondson again, but that the latter had assured him he would not be a candidate, and under these conditions he decided to himself enter the race.

Mr. Edmondson, when questioned upon the subject, said he did not intend to be a candidate for re-election, as assessor, but would probably enter the field for the collectorship.
